Since 1993 Caleido has been crafting their own personalised vision of heating, to create a collection of radiators that take centre stage, using advanced design skills, cutting-edge techniques and working with prestigious architects and designers. Caleido now operates in more than 50 countries, through an extensive network of retailers, and always aims to approach new markets and continue this process of international expansion. Values such as impeccable quality, excellent service, innovative yet functional designs, as well as environmental awareness (which manifests itself not only in the development of products with low environmental impact, but also in all production processes), make Caleido an entrepreneurial entity of the highest quality, and an important ambassador of Made in Italy throughout the world.

Depuis 1993 Caleido transforme en réalité sa propre vision de la chaleur et la personnalise en donnant vie à une collection de radiateurs protagonistes de l'espace, à travers une conception de nouvelle génération, des techniques à l'avant-garde et la collaboration d'architectes et designers renommés. Actuellement, Caleido est présent dans plus de 50 pays, grâce à un réseau capillaire de revendeurs sélectionnés, et a en outre la possibilité de pénétrer de nouveaux marchés afin de continuer ainsi son expansion internationale. Ce sont les valeurs comme la qualité parfaite, le service de très haut niveau, la recherche d'un design toujours innovant mais fonctionnel et respectueux de l'environnement (qui se manifeste non seulement dans la fabrication de produits à impact très limité sur l'environnement mais aussi dans tous les processus de production), qui ont permis à Caleido de devenir une entreprise d'excellence et un important ambassadeur du made in Italy dans le monde.

Seit 1993 setzt Caleido seine eigene, persönliche Sicht von Wärme um und ruft mit fortschrittlicher Planung, modernster Technik und der Zusammenarbeit mit führenden Architekten und Designern von internationalem Ruf eine Kollektion von Heizkörpern ins Leben, die zum Protagonisten des Raums werden. Heute ist Caleido in über 50 Ländern mit einem Netzwerk von ausgesuchten Händlern präsent und zielt auf die Erschließung neuer Märkte und die Fortführung des internationalen Expansionsprozesses ab. Werte wie totale Qualität und hochwertiger Service, das Streben nach einem stets innovativen und gleichzeitig funktionellen Design und die Aufmerksamkeit gegenüber der Umwelt (erkennbar nicht nur an der Entwicklung von Produkten mit geringer Umweltbelastung, sondern auch an allen anderen Produktionsprozessen) machen Caleido zu einem Unternehmen der Exzellenz und wichtigen Botschafter des Made in Italy auf der Welt.

Le colorazioni e le raffigurazioni visibili sul catalogo hanno valore puramente indicativo e possono presentare leggere differenze dal prodotto originale in quanto riportate con un procedimento di stampa.
Eventuali discordanze tra prodotto finito e rappresentazione non costituiscono motivo di reclamo, essendo l'ordine effettuato l'unico parametro di riferimento.
Le quote riportate sono indicative e potrebbero avere lievi differenze date dal fatto che le nostre lavorazioni sono realizzate a mano.

Catalogues and products are subject to improvements.
Colors and pictures in the catalogue are not binding
and may slightly differ if compared with the true product since they are obtained by a printing process.
Possible differences between ready-made product and its representation cannot cause any complaint, since the purchase order is the only binding reference document.
The amounts reported are indicative and may slightly vary due to the fact that our machining operations are performed manually.
